INWARD NO. 50/2015-16

DATE 08/03/16

Preamble:

The State Level Committee for the fees fixation of private teachers' training institutions formed vide GR referred to 2 and 3 above was convened on 30/12/2015 for consideration and approval of fees structure of Self Financed B.Ed. / M.Ed. / B.P.Ed. / M.P.Ed. Colleges of the state for the period 2015-16, 2016-17 and 2017-18. The Committee applying following approach and process, considering analysis and recommendations of Chartered Accountant and after detailed deliberations in the meeting held on 30/12/2015 makes following order.

Approach:

1. The Committee called for information from colleges in the prescribed formats along with the latest audited accounts of the colleges as it was finally decided in the meeting held on 2/3/2015. The information called for, included the details of infrastructure, staff profile, latest approvals from the concerned statutory regulatory bodies, cost statements justifying the proposed fees. The prescribed format was uploaded on the *e-gyan* portal and this was effectively communicated to each and every concerned college through e-mails, telephonic calls and also through personal communication as and when the representatives of some colleges came for the inquiry regarding the fee structure. As follow up procedure, frequent reminders were sent to those colleges which failed to respond to earlier communication. Also a public notice regarding this was issued in the leading news paper (*Divya-Bhaskar*; dated-19/5/2015).
2. It was realized by the committee during the meeting held on 31/8/2015 that the data submitted by many colleges lacked certain details and thus fees structure could not be determined concomitantly. Also it was observed that prior to the determination of fees for the new block 2015-2018, the colleges would have already admitted the students collecting fees from them and so The Committee specially invited the copies of resolution of the managing committee of the respective college for the proposed fees for the year 2015-16 and also the copy of fees receipt actually issued to the students for the year 2015-16 to arrive at the decision of final fee fixation for the slab of 2015 to 2018.

Process:

The data submitted by the institution were analyzed by the Chartered Accountant, especially the financial analysis based on the audited accounts submitted by the concerned college was made and the resultant cost structure emerging was suggested. In cases where deficiencies/ irregularities observed; they were communicated to the concerned institution to comply with the same.

Also it was specifically pointed out that for some of the colleges the fees fixed by the Committee were more than the actual fees as collected by the concerned college for the current year. However, this was purely an exercise (financial analysis) based on audited accounts of the past submitted by the colleges. It was decided by the Committee that though the fees fixed was higher than the actual collection by the college the excess fees should not be recovered from the students enrolled this year. This was arrived upon keeping in mind the regulations of NCTE (guidelines for regulation of tuition fees and other fees chargeable by unaided teachers' institutions) regulation 2002, amendment 2010. According to this; **Para 9.1.2** reads the following:

"The fees revised shall be applicable only to the new entrants"

1. Thus the fees fixed for the earlier academic years may be considered notional and may also be considered as the base for the fee fixation for the subsequent academic years.

Actual/Audited

2013-14

1. Other recurring expenses are reduced to the extent of Rs. 1.42 lacs being other fees/income collected.
2. We have allowed whatever depreciation claimed by the college.

2014-15

1. Other recurring expenses are reduced to the extent of Rs. 1.78 lacs being other fees/income collected.
2. We have allowed whatever depreciation claimed by the college.

2015-16-17-18 (Projections)

1. Projections are excessive, hence moderated allowing rise for inflation over actual of 2014-15.

Order

In this way the Committee has reviewed all the documents and information supplied by the college, analyzed the accounts and cost statements and in the final analysis based on the cost structure duly adjusted as mentioned above, fees for the college works out as under.
